AS BUSINESS GROWS, EISYS INCREASES STAFF

eisys, inc., has announced staff increases in many key positions throughout the Birmingham-based company headquarters. **Dick Gardner** has been appointed as the new General Manager. Formerly Vice-President, General Manager of Southern Accents, Coastal Living and Cottage Living magazines, Mr. Gardner takes on responsibility for all non-sales related activities for the company. **Paul Allen**, a 20-year veteran in the custom furniture and millwork industry, joins as Operations and Production Manager, overseeing production and assembly operations as well as being involved in new product development. **Faith McDonough** brings her 28 years of experience in support service management to her position as Customer Service Manager. Other additions include **Karla Hardy** in Customer Service, **Jason Simmelink** in Bookkeeping and Contracts, and **Roosevelt Jones, Anthony Jones, Zack Taylor** and **Quinton King** join the eisys production team.

"That we have been able to grow our business during these tough economic conditions, speaks to the quality of our products and strength of our organization", states Sam Corona, President of eisys, Inc. "We are very excited to announce these staff additions which will continue to add proven experience to our team and position us for increased growth and enhanced customer service".

eisys, Inc., is a privately held company offering premium furniture and unique solutions that complement the relationship between people, technology and their work environment. And through the integration of true ergonomic solutions deliver improved productivity, comfort and well-being to the individual workspace in emerging technological applications in healthcare, education and office environments. eisys can be found on the web at www.eisys-inc.com.
