

# Product & Service Showcase

## Silver Prices at a 30-Year High!

Did you know a barrel of your old x-ray film is worth up to \$300 in silver?

- Why keep x-ray film for longer than your legal liability? Ask us about retention laws.
- We can purge, move, shred, recycle, or store your records. We are experts in HIPAA and HITECH compliance.
- Save thousands in monthly rent by purging off-site records. Most of the time we can cover all purge costs. Let us help lower your off-site costs.
- We are an authorized subcontractor of Kodak.
- See you at the AHRA 2011 Conference, August 15-17, Booth #1030 & 1032.

## New MRI Lighting Reduces Maintenance, Energy Costs

ETS-Lindgren ZXR LED Down Light & Dimmer Switch

ETS-Lindgren's Med-Vizion ZXR Down Light is a maintenance-free lighting system rated for 80,000 hours of usage. It offers simple installation with plug-and-play connections. Most importantly, compared to traditional incandescent lighting, the environmentally conscious Med-Vizion lighting offers brighter images with reduced energy consumption, resulting in lower energy bills over time. The optional dimmer switch features a low-voltage plug-and-play interface. One dimmer switch will support up to 16 ZXR Down Light fixtures.

## Physician Recruitment Center, bringing physician recruiters and radiologists together!

The Physician Recruitment Center was created by the publishers of *Radiology Today* and *Agging Well* magazines as an online resource for connecting physicians who specialize in radiology and genetics care with the recruiters and employers who hire them. Our job board features currently available opportunities posted by physician recruiters for these professionals, such as private practice partnerships, academic appointments and staff positions. Radiologists, geriatricians and other physicians who work in these practice areas should use the links below to guide your search. Job openings for radiology technologists and administrators, as well as geriatric care nurse practitioners and physician assistants, can be found on [www.AMSSilverRebate.com](http://www.AMSSilverRebate.com).

**Physicians/Administrators**

## Bard Biopsy Systems

Bard's Finesse™ Ultra Breast Biopsy System is the only self-contained, vacuum-assisted, ultrasound-guided breast biopsy system with the ability to acquire multiple

samples with a single probe insertion. With a sample cycling time of just 10 seconds, the Finesse™ Ultra Breast Biopsy System rapidly acquires large, high-quality, contiguous tissue samples from a single insertion. Its ultrasharp cutting tip and optional piercing mode penetrate dense breast tissue and lesions accurately without displacing the lesion. The detachable integrated coaxial cannula maintains a track to the biopsy site to accurately place Bard's UltraClip® breast tissue marker.

## American Mammographics

American Mammographics manufactures and markets MammoSpot® platforms and spot paddles and S.O.F.T. Paddle®. S.O.F.T. Paddle® (Special Optimized Full Tilt) is an alternative to conventional flat compression paddles for screening mammography. Superior compression of the mid- and anterior breast is achieved, and uniform compression of breast tissue provides for reduced exposure time and less chance of motion blur. MammoSpot® platforms and paddles are the only spot compression devices available providing the unique "double-spot" compression capability for diagnostic mammography. S.O.F.T. Paddle® and MammoSpot® are available for all major brands of mammographic equipment.

For more information, call **800-626-4301** or visit **www.americanmammographics.com**.

**IZI Medical Products**  
*From concept to care.*

CareCushion™ is the latest in IZI Medical Products' growing line of imaging devices designed to enhance accuracy while providing patient comfort. Technologists find that the unique design of the CareCushion™ increases patient comfort while immobilizing the patient for greater compression of breast tissue, which enhances visualization and provides better imaging. It is easily and quickly applied to the front side of the image detector (bucky) without forming gaps or air bubbles. Women appreciate having a warmer and more comfortable mammogram experience. Available in boxes of 25 in three sizes (S/M/L).

For more information, contact IZI Medical Products, 5 Easter Court, Suite J, Owings Mills, MD 21117; call **800-231-1499**; e-mail **info@izimed.com**; or visit **www.izimed.com**.
